

CURRICULUM VITAE

FRED A. LUCHETTE, M.D.

I. PERSONAL DATA

ADDRESS: Division of Trauma, Surgical Critical Care, and Burns
Department of Surgery
Loyola University Stritch School of Medicine
2160 South First Avenue
Maywood, IL 60153
Office: (708) 377-2680
Fax: (708) 327-2810
E-Mail: fluchet@l.lumc.edu

HOME ADDRESS: 7275 Tangleridge Lane
Cincinnati, Ohio 45243
Phone: (513) 272-3033

II. EDUCATION

UNDERGRADUATE	B.A., Thiel College Greenville, Pennsylvania	1976
GRADUATE SCHOOL	M. S University of Louisville Graduate School Louisville, Kentucky	1978
MEDICAL SCHOOL	M.D., University of Louisville School of Medicine Louisville, Kentucky	1981
RESIDENCY:	General Surgery Residency State University of New York at Buffalo School of Medicine and Biomedical Sciences Buffalo, New York Chairman-Lewis M. Flint, Jr.	1981-1986

III. CERTIFICATION

Diplomate, FLEX Examination	1981
Diplomate, American Board of Surgery #32632	1487.
Recertified	1995
Surgical Critical Care Certification of Added Qualifications	
American Board of Surgery #585	1990
Recertified	1998
Advanced Trauma Life Support, Instructor	1988 - Present
Advanced Burn Life Support, Instructor	1992 - Present
Advanced Cardiac Life Support, Provider	1992 - Present

LICENSURE: Illinois License #036-106073 granted 01/15/02
Indiana License #01044580 granted 12/7/95

RECEIVED
APR 25 2002

Ohio License #65852 granted 9/29/93
 New York License #151213-1 granted 8/6/82
 Kentucky #31566 granted 9/95

TV. ACADEMIC APPOINTMENT

Professor of Surgery Director Division of Trauma, Critical Care & Burns Department of Surgery Stritch School of Medicine Loyola University Maywood, Illinois	2002-Present
Associate Professor of Surgery (with Tenure, 311999) Department of Surgery University of Cincinnati Medical Center Cincinnati, Ohio	1994 – 2001
Assistant Professor State University of New York at Buffalo School of Medicine and Biomedical Sciences Buffalo, New York	1986 – 1993
Administrative Chief Resident State University of New York at Buffalo School of Medicine and Biomedical Sciences Buffalo, New York	1985 – 1986
Assistant Clinical Instructor State University of New York at Buffalo School of Medicine and Biomedical Sciences Buffalo, New York	1982 – 1986

V. PROFESSIONAL EXPERIENCE

Director of the Division of Trauma, Critical Care & Burns Department of Surgery Stritch School of Medicine Department of Surgery Loyola University Maywood, Illinois	2002 - Present
Medical Director Trauma Surgery and Services University of Cincinnati Medical Center Cincinnati, Ohio	2000 - 2001
Co-Director Medical Student Clerkship University of Cincinnati College of Medicine Cincinnati, Ohio	2000 - 2001
Consultant, Shriner's Burn Hospital Cincinnati, Ohio	1995 - 2001
Medical Director, Surgical Intensive Care Unit University of Cincinnati Medical Center	1994 - 1995

Cincinnati, Ohio

Attending Surgeon 1994 - 2001
University of Cincinnati Medical Center
Cincinnati, Ohio

Clinical Assistant Staff 1991 - 1993
Millard Fillmore Hospitals
Buffalo, New York

Director, Trauma and Surgical Intensive Care Units 1989 - 1993
Erie County Medical Center
Buffalo, New York

Attending Surgeon 1986 - 1993
Erie County Medical Center
Buffalo, New York

Attending Surgeon 1986 - 1993
The Buffalo General Hospital
Buffalo, New York

Critical Care Specialist 1986 - 1993
Surgical Intensive Care Unit
The Buffalo General Hospital
Buffalo, New York

Attending Surgeon 1986 - 1993
Buffalo Veterans Administration Hospital
Buffalo, New York

VI. PROFESSIONAL ACTIVITIES

PROFESSIONAL SOCIETIES

The Academy of Surgical Research	1987 - Present
American Association of Clinical Anatomists	1958 - Present
American Association for the Surgery of Trauma	1991 - Present
Committee for Multi-Institutional Trials	1998 - 2000
American Burn Association	1991 - Present
Consultant, American Burn Association Committee on Organization and Delivery of Burn Care	1993
Membership Committee	1998 - 2001
American College of Surgeons, Fellow	1989
Ohio District #4 Committee on Applicants	1998 - 2001
Committee for Allied Health Professions	1995 - 2002
Executive Committee	2001 - 2002
Committee on Trauma	2002 - Present
Membership Committee for Upstate	1991 - 1993
New York District #1	
Member, Ohio State Committee on Trauma	1994 - 2001
Member, State of New York Committee on Trauma	1989 - 1993
Advanced Trauma Life Support State Faculty-	

New York, Ohio	
Ultrasound User's Group	1998 - Present
Ultrasound National Faculty and Imaging Group	1998 - Present
American College of Critical Care Medicine, Fellow	1999
Credentials Committee	2000
American Institute of Ultrasound in Medicine	1998 - Present
American Medical Association	1989 - 1995
American Society for Gastrointestinal Endoscopy	1991 - Present
American Trauma Society	1990 - Present
Association of Academic Surgeons	1956 - Present
Association for Surgical Education	1993 - Present
Audit Committee	1993 - 1994
Research Committee	1998 - Present
Program Committee	1999 - 2000
Buffalo Surgical Society	1990 - 1993
Central Surgical Association	1995 - Present
Chairman, Program Committee	2000 - 2001
Program Committee	1999 - 2001
Central Surgical Association Foundation	1998 - Present
Development Committee	
Cincinnati Surgical Society	1594 - Present
Commission on Accreditation for Allied Health Programs	
Board of Directors	2000 - Present
Eastern Association for the Surgery of Trauma	1990 - Present
Board of Managers	2001-2004
Publications Committee	1991 - 1992
Publications Subcommittee	1996 - 1998
Finance and Audit Committee	1993 - 1994
Practice Management Guidelines	1996 - Present
Chair: Guidelines for Prophylactic Antibiotics in Trauma Patients.	1997 - 1998
Chair, Ad hoc Practice Management Guidelines	2000 - 2003
Panamerican Trauma Society	1995 - Present
Sigma Xi, The Scientific Research Society	1986 - Present
Society of American Gastrointestinal Endoscopic Surgeons	1990 - Present
Society of Critical Care Medicine	1957 - Present
Critical Care Self-Assessment Program (CCASP)	1998
Committee for SCCM	
Fellow, American College of Critical Care Medicine	2000
Society of Critical Care Medicine, Ohio Chapter	1994 - Present
Society for Surgery of the Alimentary Tract	1997 - Present
Society of University Surgeons	1999 - Present
Surgical Infection Society	1993 - Present
Western New York Pulmonary and Critical Care Society	1990 - 1993

HOSPITAL COMMITTEES

Credentials Committee	1994 - Present
University Hospital	
Cincinnati, Ohio	
Surgical Intensive Care Units CQI Committee, Chairman	1994 - 1995
University Hospital	
Cincinnati, Ohio	

Special Care Committee University Hospital Cincinnati, Ohio	1994 - 1995
Hospital Cost Reduction Project University Hospital Cincinnati, Ohio	1994
Infection Control Committee University Hospital Cincinnati, Ohio	1995 - Present
Trauma Quality Improvement Committee Acting Chairman University Hospital Cincinnati, Ohio	2000 - Present
Trauma Morbidity and Mortality Committee Acting Chairman University Hospital Cincinnati, Ohio	2000 - Present

VII. AWARDS & HONORS

Who's Who in American Colleges and Universities	1976
Young Surgeon Representative Western New York Chapter	1990
Louis A. and Ruth Siegel Clinical Teaching Award (selected by students) State University of New York at Buffalo School of Medicine and Biophysics	1990, 1992
Canizaro Award, American Association for the Surgery of Trauma, Best Paper Presentation for New Members	1994
Consultant, Pennsylvania Trauma System Foundation	1998 - Present
Health Alliance Leadership Program	1999
Health Alliance "Health Care Hero Award"	2000
Ohio Valley Organ Procurement LifeCenter Recognition Awards Humanitarian Award	2000
Life Member, The National Registry of Who's Who	2000

VIII. EDITORIAL COMMITTEES

Editorial Board, *Journal of Trauma*, 2002-Present
Senior Reviewer, *Journal of Trauma*, 1992-2001

Ad hoc Reviewer, *Journal of Investigative Surgery*, 1993-Present
 Ad hoc Reviewer, *Annals of Pharmacotherapy*, 1994
 Ad hoc Reviewer, *American Journal of Physiology, Endocrinology and Metabolism*, 1999
 Ad hoc Reviewer, *Mayo Clinic Proceedings*, 2000
 Ad hoc Reviewer, *Journal of Surgical Research*, 2000
 Ad hoc Reviewer, *Surgery*, 2000 – Present
 Ad hoc Reviewer, *American Journal of Managed Care*, 2001 – Present
 Ad hoc Reviewer, *Surgical Infections*, 2001

IX. RESEARCH GRANTS

1. Source: BSRG
 Title: The Role of LPS and TNF (Tumor Necrosis Factor) in the Microcirculation During Septic Shock
 Principal Investigator: Luchette FA
 Funding: \$9,500
 Dates: 1986-87
2. Source: NSABP
 Title: A Clinical Trial Evaluating the Postoperative Portal Vein Infusion of 5-Fluorouracil and Sodium Heparin in Patients with Resectable Adenocarcinoma of the Colon
 Co-Investigator: Luclette FA
 Dates: 1986-88
3. Source: Abbott Labs
 Title: Intra-Arterial Urokinase in Patients with Peripheral Vascular Disease
 Funding: \$24,000
 Co-Investigator: Luchette FA
 Dates: 1990-1992
4. Source: Merck, Sharp, & Dome
 Title: An Open-Label Clinical Trial of Primaxin I.V. in the Treatment of Serious Intra-Abdominal Infections
 Funding: \$10,000
 Principal Investigator: Luclette FA
 Dates: 1991-1992
5. Title: Structure Analysis of *Haemophilus ducreyi* lipooligosaccharides (LOS)
 Funding: \$15,000
 Co-Investigator: Luchette FA
 Dates: 1991-1993
6. Title: Regional Evaluation for Quality Improvement in Trauma (REQUIT), New York State Health Department
 Funding: \$250,000
 Co-Investigator: Luchette FA
 Dates: 1991-1993
7. Title: Comparison of Epidural Local Anesthetic with Intrapleural Local for Pain Control in Unilateral Traumatic Chest Injuries
 Principal Investigator: Luclette FA
 Dates: 1992-1993

8. Title: A Longitudinal Study of Complications and Functional Outcomes after Traumatic Brain Injury, Center for Disease Control
 Funding: \$178,000
 Co-Investigator: Luchette FA
 Dates: 1992-1993

9. Source: University Research Council, University of Cincinnati
 Title: The prediction of the development of sepsis by logistic regression and artificial neural network models
 Principal Investigator: Luchette FA
 Funding: \$5,000
 Dates: 1995-1996

10. Source: University of Michigan
 Title: Thromboembolism prophylaxis in trauma patients
 Co-Investigator: Luchette FA
 Funding: \$7,500
 Dates: 1995-1996

11. Source: American Association for the Surgery of Trauma
 Title: Multi-institutional study of traumatic aortic rupture
 Dates: 1994-1995

12. Title: A dose-response study of inhaled nitric oxide in the treatment of adult respiratory distress syndrome.
 Co-Investigator: Luchette FA
 Dates: 1994-Present

13. Title: Comparison of epidural and systemic opioid analgesia in thoracic trauma on systemic catecholamines and cytokines
 Principal Investigator: Luchette FA
 Dates: 1996-1998

14. Title: Functional recovery of patients sustaining extremity fractures from blunt trauma over a one year period following injury
 Principal investigator: Luchette FA

15. Source: SAGES
 Title: Evaluation of ultrasound in laparoscopic ultrasound
 Co-Investigator: Luchette FA
 Funding: \$15,000
 Dates: 1996-1997

16. Source: Baxter Healthcare, Inc.
 Title: Metabolic response of skeletal muscle to hemorrhagic shock
 Principal Investigator: Luchette FA
 Funding: \$15,000
 Dates: 1996

17. Source: Alpha-Beta Technology
 Title: A randomized double blind, placebo-controlled, multi-center, active dose level study of intravenous betafectin PGG-glucan for the prevention of serious infections in patients at high risk for infection
 Principal Investigator: Luchette FA
 Funding: \$76,065.86

- Dates: 1995-1999
18. Source: Transcend Therapeutics
 Title: A double-blind, placebo-controlled study to evaluate the safety and efficacy of procysteine in the treatment of patients with adult respiratory distress syndrome
 Principal Investigator: Luchette FA
 Funding: \$62,000
 Dates: 1996-1998
19. Source: Baxter Healthcare
 Title: The efficacy trial of diaspirin cross-linked hemoglobin (DCLHb) in the treatment of severe traumatic shock
 Principal investigator: Luchette FA
 Funding: \$8,500
 Dates: 1997-1998
20. Source: Protodigm
 Title: Ascending dose, parallel group, double-blind, placebo controlled, dose finding study of rhuMAb CD-I 8 in patients with traumatic hemorrhagic shock
 Principal Investigator: Luchette FA
 Funding: \$59,000
 Dates: 1998-1999
21. Source: Storz Instruments
 Title: Emergency room needle-laparoscopic evaluation of blunt and penetrating abdominal trauma.
 Principal investigator: Luchette FA
 Dates: 1995-Present
22. Source: Kroll Pharmaceuticals
 Title: SELECT II (SEpsis Longitudinal Epidemiological Clinical Outcomes Tracking): An observational study to establish the clinical, prognostic, and economic significance of elevated IL-6 [interleukin-6] levels in hospitalized patients with severe sepsis
 Principal Investigator: Luchette FA
 Dates: 1998-Present
23. Source: E Lilly
 Title: A phase II study to determine the efficacy and safety of LY3 15920 in patients with severe sepsis
 Principal Investigator: Luchette FA
 Funding: \$70,713
 Dates: 1998-2000
24. Source: Shriner's Hospitals for Children
 Title: Epinephrine and lactate after burn injury: variability and linkage
 Co-Principal Investigator: Luchette FA
 Funding: \$122,823
 Dates: 1999-2001

X. CLINICAL AND RESEARCH FELLOWSHIP TRAINING

RESIDENT RESEARCH PROJECTS:

- First Place: ACS State Chapter Resident Essay Competition. David O'Brien, MD. 2001
Pelvic fracture in the elderly is associated with increased mortality,
- First Place: ACS State Committee on Trauma Resident Essay Competition. 2000
Region V Competition Pereira, SJ, MD. Dynamic Helical CT Scan Accurately Detects Hemorrhage in Patients with Pelvic Fracture.
- First Place: ACS State Committee on Trauma Resident Essay Competition. 1939
Second Place: ACS Committee on Trauma Resident Essay Competition
Region V Competition McCarter, F, MD. Focused abdominal ultrasound for trauma (FAST) accurately predicts the absence of hemoperitoneum in blunt trauma
- First Place: ACS Committee on Trauma Resident Essay Competition State and 1998
Region V Competition. Moon R, MD. Prospective, Randomized Comparison of Epidural versus Parenteral Opioid Analgesia in Thoracic Trauma.
- Honorable Mention: ACS Committee on Trauma Resident Essay State Competition. 1997
Falcone RA, MD. Treatment of zone one retroperitoneal hematomas (ZIRPH) identified by computed tomography (CT) scan.
- First Place: ACS State Chapter Resident Essay Competition. Kelly BS, MD. Impact 1996
of in-house attending trauma surgeon on initial care.
- First Place: ACS Committee on Trauma Resident Essay Competition State and Region 1996
V Competition. Parikh AA, MD. Blunt carotid artery trauma.

MEDICAL STUDENT SUMMER RESEARCH PROGRAM:

- William Jenkins. Blockade of Na^+/K^+ -ATPase activity decreases lactic acid in skeletal muscle. 2001
First Place in Medical Student Summer Research Poster Competition.
- Andrew Zurick. Evaluation of unfractionated heparin, low molecular weight heparin, 2000
and warfarin for DVT prophylaxis in high risk trauma patients.
- Jason Evans. Adrenergic blockade reduces lactate accumulation and glycogen loss in rat 1999
skeletal muscle during hemorrhage.
- Bryce R.H. Hutchinson. β -adrenergic antagonists reduce Na^+/K^+ -ATPase activity, thus 1998
reducing aerobic glycolytic lactic acidosis of hemorrhagic shock.
Second Place in Medical Student Summer Research Poster Competition.
- Carey C. Brown. Increased skeletal muscle Na^+/K^+ -ATPase activity as a cause of increased 1997
lactate following hemorrhagic shock.

PRESENTATIONS:

1. Surgical management of Crohn's disease. State University of New York at Buffalo, Department of Surgery Grand Rounds, April, 1987, Buffalo, New York.
2. Pentobarbital attenuates arteriolar constrictor response to hemorrhage. SUNYAB Spring Clinical Day, May 1987, Buffalo, New York.
3. The cognitive knowledge base of surgical residents. The Association for Academic Surgeons, November 1987, Orlando, Florida.
4. Quantification of partial hepatectomy in the mouse. American Association of Clinical Anatomists, May 1988, Palo Alto, California.
5. Falciform ligament: alternative buttress material. American Association of Clinical Anatomists, May 1988, Palo Alto, California.
6. Ulcer disease in the elderly: Changing perspectives. Clinical Congress, American College of Surgeons, October 25, 1988, Chicago, Illinois.
7. Surgical management of complications of endoscopic sphincterotomy (ESS) with pre-cut papillotomy (PCP). Society for Surgery of the Alimentary Tract, May 17, 1989, Washington, D.C.
8. Lasers in surgery. State University of New York at Buffalo, Grand Rounds, October 1989, Buffalo, New York.
9. Increasing cognitive knowledge in surgical residents. The Association for Academic Surgery, November 1989, Louisville, Kentucky.
10. ICU management of the organ donor. Upstate New York Transplant Services Conference, August 1, 1991, Buffalo, New York.
11. Management of chest trauma. What's New in ICU's? Critical Care Conference. Key Note Speaker, October 10, 1991, Buffalo, New York.
12. Update on management of chest trauma. The First Annual John R. Border Trauma Symposium, October 18, 1991, Buffalo, New York.
13. Experience as a surgeon determines resident knowledge. Society of University Surgeons, February 15, 1992, Cincinnati, Ohio.

14. Abdominal trauma. Surgical Grand Rounds, Millard Fillmore Hospital, Buffalo, New York, February 21, 1992.
15. Organ donors: ICU management. Critical Care Update, Roswell Park Memorial Institute, Buffalo, New York, March 25, 1992.
16. Colonoscopic impaction in left colon strictures resulting in right colon perforation. Society of American Gastrointestinal Endoscopic Surgeons, Washington, D.C., April 10-12, 1992.
17. Colonoscopic impaction in left colon strictures resulting in right colon perforation. World Congress of Endoscopic Surgery, Bordeaux, France, June 15-20, 1992.
18. Hemodynamic management of the critically ill patient. Grand Rounds, Department of Urology, SUNY Buffalo, June 13, 1992.
19. Initial management of the injured patient. Medical Staff Grand Rounds, Our Lady of Victory Hospital, Buffalo, New York, June 26, 1992.
20. What is organ donation? Amherst Rotary Club, Buffalo, New York, July 7, 1992.
21. The acute abdomen. Department of Medicine, SUNY Buffalo, July 9, 1992.
22. Invited discussant. American Association for Surgery of Trauma, September 18, 1992, Louisville, Kentucky.
23. Invited discussant. Eastern Association for the Surgery of Trauma, January 15, 1993, Long Boat Key, Florida.
24. Early airway management in the injured patient. Department of Otolaryngology, SUNY Buffalo, March 3, 1993.
25. Prospective evaluation of epidural versus intrapleural catheters for analgesia in chest wall trauma. American Association for the Surgery of Trauma, New Orleans, Louisiana, September 23-25, 1993.
26. Manifestations of surgical diseases in the AIDS patient. Grand Rounds, SUNY-Buffalo AIDS Services, Buffalo, NY, October 25, 1993.
27. Trauma care. Traumatic Brain Injury Rehabilitation Conference, SUNY-Buffalo, NY, November 5, 1993.
28. Pharmacokinetics of oral pentoxifylline in critically ill patients. Society of Critical Care Medicine, Orlando, Florida, January 30-February 2, 1994.
29. Laparoscopic cholecystectomy in patients with VP shunts. 4th World Congress of Endoscopic Surgery, Kyoto, Japan, June 16-19, 1994.
30. Management of chest trauma. Department of Emergency Medicine Orientation, University of Cincinnati, Cincinnati, Ohio, July 20, 1994.
31. Management of urologic trauma. Department of Urology Grand Rounds, University of Cincinnati, Cincinnati, Ohio, July 27, 1994.
32. Controversies in management of penetrating neck trauma, Department of Otolaryngology Grand Rounds, University of Cincinnati, Cincinnati, Ohio, August 17, 1994.
33. Trauma resuscitation issues. 9th Trauma/Critical Care Symposium University Hospital, Cincinnati, Ohio, August 31, 1994.
34. Moderator, Symposium on sepsis in the intensive care unit, Embassy Suites, Blue Ash, Ohio, September 24,

1994

35. Traumatic small bowel injuries: Patterns, treatment, and outcome. American Association for the Surgery of Trauma, San Diego, California, September 29-October 1, 1994.
36. The posttraumatic short gut and complex pancreato-duodenal injuries are best managed with intravenous alimentation and medications such as somatostatin. (AGREE). Postgraduate Course: Care of the patient with devastating trauma-from injury to self-sufficiency. American College of Surgeons, October 9-14, 1994, Chicago, Illinois.
37. Controversies in Trauma and Critical Care, Board of Directors University of Cincinnati Medical Center Fund, Cincinnati, Ohio, December 13, 1994.
38. Assessment of the Multiple Trauma Patient, Department of Orthopedic Surgery Basic Science Lecture, University of Cincinnati, Cincinnati, Ohio, December 17, 1994.
39. Effects of body temperature on accuracy of continuous cardiac output measurements. Society of Critical Care Medicine, San Francisco, CA, January 31-February 4, 1995.
40. Impact of routine blood, sputum, and urine surveillance cultures on antibiotic usage in a surgical intensive care unit. Society of Critical Care Medicine, San Francisco, CA, January 31-February 4, 1995.
41. The diagnosis and treatment of nosocomial pneumonia, Surgical Grand Rounds, Morristown, NJ, February 15, 1995.
42. Diagnosis and treatment of nosocomial pneumonia, Contemporary Problems With Surgical Infections, The University of Louisville, Louisville, KY, March 24, 1995.
43. Diagnosis and treatment of nosocomial pneumonia, Contemporary Problems with Surgical Infections, The University of Cincinnati, Cincinnati, OH, March 25, 1995.
44. Initial management of chest trauma, Pulmonary Medicine Grand Rounds, University of Cincinnati, Cincinnati, Ohio, April 6, 1995.
45. Controversies in trauma and critical care. Family Medicine Grand Rounds, St. Elizabeth's Medical Center, Edgewood, KY, May 24, 1995.
46. Initial management of the trauma patient. Medical Staff Grand Rounds, Dearborn County Hospital, Lawrenceburg, IN, June 2, 1995.
47. Initial management of the trauma patient. Family Medicine Grand Rounds, St. Elizabeth's Medical Center, Edgewood, KY, July 25, 1995.
48. Diagnosis and treatment of ventilator-associated pneumonia. Trauma Grand Rounds, Case Western Reserve School of Medicine, Cleveland, OH, August 4, 1995.
49. Evaluation of continuous paralysis guidelines in critically ill patients: Accuracy of train-of-four monitoring. Society of Critical Care Medicine 25th Educational and Scientific Symposium, February 5-9, 1996, New Orleans, LA.
50. Prophylaxis for thromboembolism. Dayton Surgical Society, May 28, 1996, Dayton, OH.
51. Contemporary ventilatory management of the complex pulmonary patient. Wright State University Integrated Surgical Rounds. May 29, 1996, Dayton, Ohio.

52. Approach to the multiply injured patient, Family Medicine Grand Rounds, St. Elizabeth Medical Center, Edgewood, KY. July 23, 1996.
53. Management of urologic trauma. Department of Urology Grand Rounds, University of Cincinnati, Cincinnati, OH, July 24, 1996.
54. Respiratory failure in the surgical patient. Department of Surgery Grand Rounds, University of Louisville, Louisville, KY, July 27, 1996.
55. Impact of in-house attending trauma surgeon on initial care. American Association for the Surgery of Trauma, Houston, TX, September 19-21, 1996.
56. General surgery aspects of orthopedic trauma. Department of Orthopedics, University of Cincinnati Grand Rounds, Cincinnati, OH, September 14, 1996.
57. Blunt Carotid Artery Trauma. American College of Surgeons Clinical Congress, San Francisco, CA, October 14, 1996.
58. Thromboembolism prophylaxis for surgical patients: Role of LMWH, Department of Surgery, University of Indiana, Indianapolis, IN, October 26, 1996.
59. Invited discussant, Equivalent impact of stomach and colon injuries on intra-abdominal abscess (IAA) and the synergistic effect of hemorrhage and associated injury. Eastern Association for the Surgery of Trauma, Sanibel Harbour Resort and Spa, Sanibel, FL, January 15-18, 1997.
60. The effect of early versus late fasciotomy in the management of extremity trauma. Central Surgical Association, Chicago, IL, March 7-9, 1997.
61. Invited discussant, Does volume of patients seen in an outpatient setting impact test scores? Association for Surgical Education, Ritz-Carlton Hotel, Philadelphia, PA, April 9-12, 1997.
62. Tracheostomal maturity in rabbits using various tracheal incisions. The Wound Healing Society, Nashville, TN, June 12-14, 1997.
63. Inhaled nitric oxide in ARDS: Results from a multicenter trial in a subset of trauma patients. American Association for the Surgery of Trauma, Waikoloa, HA, September 24-27, 1997.
64. Increased skeletal muscle Na^+ , K^+ -ATPase activity as cause of increased lactate production following hemorrhagic shock. American Association for the Surgery of Trauma, Waikoloa, HA, September 24-27, 1997.
65. Approach to multiple trauma. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, October 21, 1997.
66. Management of the pregnant trauma patient. Family Medicine Grand Rounds, SUNY-Syracuse Clinical Campus, Johnson City, NY, November 6, 1997.
67. Initial management of chest trauma. Family Medicine Grand Rounds, SUNY-Syracuse Clinical Campus, Johnson City, NY, November 6, 1997.
68. Guidelines for prophylactic antibiotics in trauma patients: tube thoracostomy, penetrating abdominal wounds and open fractures. Eastern Association for the Surgery of Trauma. Sanibel Island, FL, January 17, 1998.
69. Prophylactic antibiotics in trauma patients. Critical Care Symposium, Lehigh Valley Hospital and Trauma Center, Allentown, PA, February 27, 1998.

70. Invited discussant, Assessment of the relationship between timing of fracture fixation and secondary brain injury in multiple trauma. Central Surgical Association, Ritz-Carlton Hotel, Dearborn, MI, April 5-7, 1998.
71. Invited discussant, Complement inhibition prevents gut ischemia and endothelial dysfunction after hemorrhage and resuscitation. Central Surgical Association, Ritz-Carlton Hotel, Dearborn, MI, April 5-7, 1998.
72. Effect of sequential thermal injury and hemorrhage on hepatic immune response. Surgical Infection Society, New York, NY, April 30-May 2, 1998.
73. Invited discussant, Microvascular endothelial cell control of peripheral vascular resistance during sepsis. Surgical Infection Society, New York, NY, April 30-May 2, 1998.
74. Blunt carotid artery trauma. 43rd Annual Meeting, Ohio Chapter ACS, Columbus, Ohio, May 8, 1998.
75. Initial evaluation and resuscitation of the injured patient. Grand Rounds, Department of Oral and Maxillofacial Surgery and Dentistry, Cincinnati, Ohio, June 16, 1998.
76. The ABCs of initial management of the injured patient. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, July 9, 1998.
77. Blunting of lactic acidosis by catecholamine blockade during hemorrhagic shock. American Association for the Surgery of Trauma. Baltimore, MA, September 24-26, 1998.
78. Ultrasound for surgeons. Grand Rounds, Department of Surgery, University of Cincinnati College of Medicine, Cincinnati, OH, September 30, 1998.
79. Resuscitation of the trauma patient: A potential organ donor. UNOS Region 10 Transplant Forum. Quality Hotel Riverview, Covington, KY, October 6, 1998.
80. Blunt carotid artery injuries and management. Philippine Centennial International Trauma Forum, Makati City, Philippines, November 13-15, 1998.
81. Prophylaxis for deep vein thrombosis and pulmonary embolism in trauma patients. Philippine Centennial International Trauma Forum, Makati City, Philippines, November 13-15, 1998.
82. Chest and abdominal trauma, Tenth Annual Tri-State EMS Seminar, Florence, KY, February 17, 1999.
83. Carotid dissection - Current diagnosis and management. Sixth Annual Vascular Symposium - Vascular Emergencies, Miami Valley Hospital, Dayton, OH, February 27, 1999.
84. Deep Vein Thrombosis (DVT) Prophylaxis, Vascular Symposium - Vascular Emergencies, Miami Valley Hospital, Dayton, OH, February 27, 1999.
85. Invited discussant, Civilian rectal trauma: the changing perspective. Central Surgical Association, St. Louis, MO, March 4-6, 1999.
86. Instructor, ACS 27th Annual Spring Meeting Postgraduate Course: Ultrasound for Surgeons, New York, NY, April 26, 1999.
87. Approach to the multiply injured patient. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, July 6, 1999.
88. invited discussant, The synergistic effect of ethanol and tissue hypoxia on enterocyte production of proinflammatory cytokines. American Association for the Surgery of Trauma, Boston, MA, September 17, 1999.

89. CPT coding for general surgery, trauma and critical care. American Academy of Professional Coders, Cincinnati, OH, September 21, 1999.
90. Management of Complicated Airway in the Trauma Patient. Oral and Maxillofacial Surgery Grand Rounds, University of Cincinnati College of Medicine, October 5, 1999.
91. Blunt and Penetrating Carotid Injuries. Grand Rounds, Ohio State University, December 2, 1999.
92. Focused Abdominal Ultrasound for Trauma – Cumulative Sum Analysis of Institutional and Individual Learning Curves. Southern Surgical Association, Hot Springs, VA, December 5-8, 1999.
93. Development of a methodology for selecting topics for guideline development. Eastern Association for the Surgery of Trauma. Sanibel Island, FL, January 15, 2000.
94. The risk assessment profile (RAP) identifies trauma patients at risk for deep vein thrombosis. Central Surgical Association, Drake Hotel, Chicago, IL, March 3, 2000.
95. Dynamic helical CT scan accurately detects arterial hemorrhage in patients with pelvic fracture. Central Surgical Association, Drake Hotel, Chicago, IL, March 3, 2000.
96. Early Management of the Trauma Patient. Oral and Maxillofacial Surgery Residents and Faculty, University of Cincinnati College of Medicine, August 30, 2000.
97. Moderator Breakfast Session: Antibiotics for Treatment and Prophylaxis. American Association for the Surgery of Trauma, San Antonio Marriott Rivercenter, San Antonio, TX, October 13, 2000.
98. Antibiotics, Prophylaxis, Prophylaxis, Prophylaxis. American College of Surgeons Clinical Congress, Chicago, IL, October 25, 2000.
99. CPT coding for general surgery, trauma and critical care American Academy of Professional Coders, Cincinnati, OH, November 17, 2000.
100. Moderator, Scientific Plenary Session IIA: Eastern Association for the Surgery of Trauma, Westin innisbrook Resort, Palm Harbor, FL, January 11, 2001.
101. Moderator, Plenary Session – Practice Management Guidelines: Eastern Association for the Surgery of Trauma, Westin Innisbrook Resort, Palm Harbor, FL, January 13, 2001.
102. Controversies in Critical Care. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, January 22, 2001.
103. Instructor, American College of Surgeons 29th Annual Spring Meeting Postgraduate Course: Ultrasound for Surgeons, Toronto, ON, April 23, 2001.
104. Approach to multiple trauma. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, July 10, 2001.
105. What's new in critical care. Family Medicine Grand Rounds, St. Elizabeth's Department of Family Medicine, Edgewood, KY, July 24, 2001.
106. Venous thromboembolism prophylaxis for general surgery and injured patients. Department of Surgery Grand Rounds, East Carolina University School of Medicine, Greenville, NC, August 24, 2001.

107. Pain Management with Chest Wall Injury. Session IIA - Issues in the Intensive Care Unit. American College of Surgeons 87th Clinical Congress, New Orleans, LA, October 7-12, 2001.
108. Penetrating thoracoabdominal wounds. TraumaScope '01. Xavier University's Schiff Family Conference Center, Cincinnati, OH, October 15, 2001.
109. Endpoints of Resuscitation. Department of Surgery Grand Rounds, University of Oregon, Portland, Oregon, October 29, 2001.
110. Assessment and management of thoracoabdominal trauma. 12th Annual Trauma/Emergency Symposium. University of Kentucky Chandler Medical Center. Lexington, KY, November 9, 2001.
111. Endpoints of Resuscitation. Jolin R. Border Lecturer, Department of Surgery, State University of New York at Buffalo, November 15, 2001.
112. Endpoints of Resuscitation. Department of Surgery Grand Rounds, Lehigh Valley Hospital, Allentown, PA, December 4, 2001.
113. Moderator, Plenary Session – Practice Management Guidelines: Eastern Association for the Surgery of Trauma, Wyndham Palace Hotel and Resort, Lake Buena Vista, FL, January 19, 2002.
114. Pelvic Fracture in the Elderly Increases Mortality. Central Surgical Association Annual Meeting, West Penn Motel, Pittsburgh, PA. March 7-9, 2002.
115. Invited discussant. Ethanol impairs intestinal barrier defense by modulation of IgA transport. Central Surgical Association Annual Meeting, West Penn Hotel, Pittsburgh, PA. March 7-9, 2002.
116. Instructor, American College of Surgeons 30th Annual Spring Meeting Postgraduate Course: Ultrasound for Surgeons, San Diego, CA, April 15, 2002.
