PUBLICATIONS IN PREPARATION (Drafts Completed unless Otherwise Noted)

61. Intraosseous lipoma of bone. Co-authors: Shelly Dubick and Darren Barbacci, Fourth Year Podiatric Medical Students.
62. Surgical management of the rheumatoid foot. Co-authors: Jason Choos, D.P.M. and Christopher Nagle, D.P.M.
63. Multiple epiphyseodesis in a patient with Klippel-Trenaunay syndrome: A review of the literature and case report. Co-authors: Jeffrey A. Lynn, D.P.M., Donald R. Green, D.P.M.

MAJOR CURRENT (RESEARCH) PROJECTS

1. Ankle and Pantalar Arthrodesis: A Long-Term Retrospective Study. Part I in 1979-84; Part II in 1984-89. Co-researchers: Gerard V. Yu, D.P.M., Kieran T. Mahan, D.P.M., S.R. Kalish, D.P.M., and S. Corey, D.P.M.
2. *Atlas of Foot Surgery.* Churchill-Livingstone: New York. Co-editors: Gerard V. Yu, D.P.M. and Donald R. Green, D.P.M. Description: this will be a comprehensive atlas of foot surgery supplemented with approximately 800 color plates and 100 diagrammatic figures. The photographs and diagrams will be accompanied by a detailed text describing the actual technique of commonly performed procedures in the forefoot and the most commonly performed rearfoot procedures.

FILMS/VIDEOS

1. "Base Wedge Osteotomy in Hallux Valgus Surgery – Applied Principles of Rigid Fixation". Producer: Doctors Hospital Podiatric Education and Research Institute. Contribution: Concepts and techniques of base wedge osteotomy and the application of principles of rigid fixation. Hinge axis concept.
2. "Modifications of the Austin Bunionectomy with Muscle-Tendon Balance and Adductor Tendon Transfer". Producer: Doctors Hospital Podiatric Education and Research Institute. Contribution: Technical concepts of osteotomy execution and fixation.
